

NOTICE TO ALL RESIDENTS OF UNINCORPORATED JEFFERSON PARISH AND The TOWN OF JEAN LAFITTE.

Starting **July 1, 2009**, **IESI** Will Begin Residential and Small Business Collection of Garbage and Trash in Unincorporated Jefferson Parish and the Town of Jean Lafitte.

Note: There are **NO** changes to the current garbage/bulky waste/white goods/tire collection schedule.

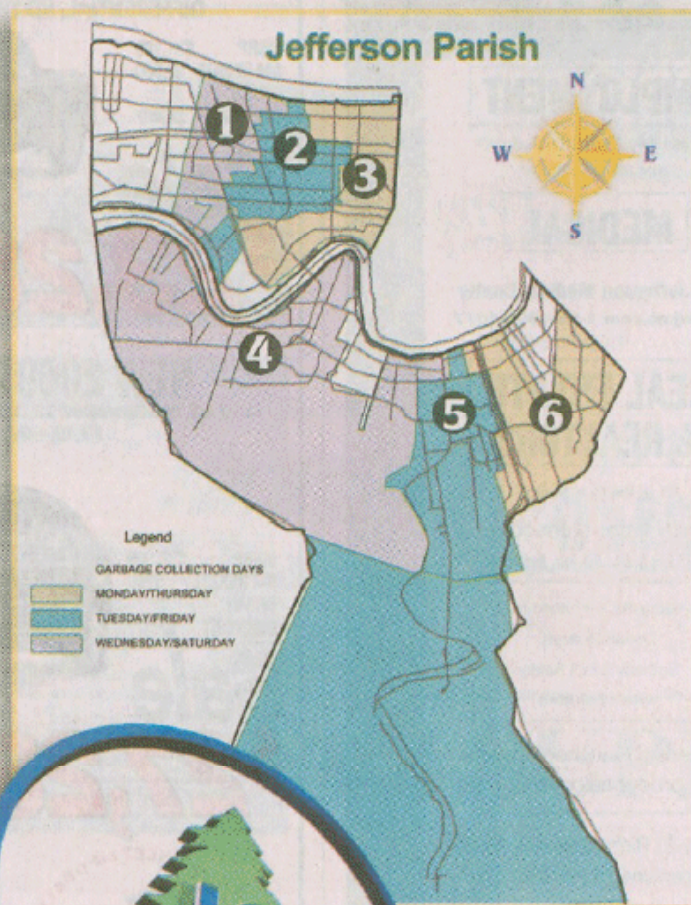

Large bulky waste should be placed curbside the evening before your scheduled collection day. **IESI** will make one pass through your designated large bulky waste collection day. If bulky waste is placed curbside after that pass has been made, it will not be picked up until the following week's scheduled bulky waste collection day.

Large Bulky Waste is waste that due to either weight (over 75 pounds but less than 400 pounds) or size (over 4 feet but less than 6 feet in length) requires collection by a special boom truck. Examples of large bulky waste are sofas and other large pieces of furniture, large tree limbs and stumps, automobile parts such as fenders, seats, engines (drained of fluids).

Small Bulky Waste is waste which is light enough (up to 75 pounds) and small enough (up to 4 feet in length) to be collected manually and fit into the regular rear load garbage truck. Examples of small bulky waste are yard waste, small bundles of limbs or shrubs, bikes, toys.

Reminder, all containers should be no larger than 35 gallons.

	Number on Map	Large Bulky Waste, White Goods & Tires	Small Bulky Waste
