

Plantation Estates Update on September 2, 2008 at 8:30 PM

8:00 PM - Yes, just hung up with my neighbor. No power on Melrose Drive. He promises to call my cell any time of the night when it comes back on. I assume the rest of Plantation Estates is also out of power.

5:45 PM - Another one of my Melrose Drive neighbors returned back to check out the neighborhood and said all is pretty good. He had no problems getting back in, but he works for Atmos and had a tier 1 pass.
