Jefferson Parish officials are asking residents and business owners to report any structural damage that resulted from Friday's flooding.

Residents of municipalities as well as unincorporated areas should report damage by calling the Jefferson Parish Department of Citizens' Affairs, 736-6000, today through Friday between 9 a.m. and 4 p.m.

Parish officials will use the information to apply for federal assistance, if it becomes available, and to determine areas that are susceptible to flooding.
